

## What is the Sports Premium?

The Government is providing funding, jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children.

## Purpose of Funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- New or additional Change4Life sport clubs
- Paying for professional development opportunities in PE/sport
- Providing cover to release primary teachers for professional development in PE/sport
- Running sport competitions, or increasing participation in the school games
- Buying quality assured professional development modules or materials for PE/sport
- Providing places for pupils on after school sport clubs and holiday clubs

## Investing in sport and PE at Aiskew Leeming Bar CE Primary School

The Government initiative to improve engagement in sport and physical education (PE) at school, known at the Sport & PE Premium, provides schools such as ours with an annual budget to ensure wider engagement in physical activities leading to improved health for all children. At Aiskew Leeming Bar CE Primary School, we believe children's health and well-being is a critical part of their education and improves their ability to learn. This year we aim to put together a comprehensive strategy, based on our own assessment but also the opinions of both girls and boys throughout the school, that seeks to target the Premium where it is most needed as well as wanted.

We hope to provide pupils with a life-long love of sport that they will take with them to secondary school and beyond.

## In the financial year 2018/2019 Aiskew Leeming Bar will receive £16,310 Sports Premium. The spending priorities for this year include:

- Purchase new PE equipment for children to use in PE lessons, after-school clubs and during playtimes. £300
- Provide staff training in order to upskill and help TAs feel more confident when supporting pupils in PE lessons and during active playtimes. Deliver Sports Leader Training for KS2 pupils so they are confident leading games during playtimes.

They will become the "School Sports Organising Crew". It is hoped they will in turn train younger pupils on how to be effective members of the School Sports Organising Crew. Therefore, in future years, the responsibility will be effectively passed onto the next generation of sporting leaders. We feel this is essential in creating long term sustainability. £,5200

- Raise the profile of school sport by providing specialist staff to deliver high quality PE lessons throughout school and provide inspirational opportunities for ALL pupils to engage in sport on a regular basis. £7,000
- Pay for supply costs and transport in order to provide opportunities for pupils across the whole school to participate in off-site sporting opportunities. £1,000
- Purchase ICT equipment to enable pupils to evaluate and assess their performance in sporting activities. £3,000

Number of pupils in year 6 meeting national curriculum requirement to swim competently and proficiency over 25m - (numbers not shown as below 6 in cohort)

Number of pupils in year 6 meeting national curriculum requirement to use a range of strokes effectively and perform safe self-rescue in different water-based situations - (numbers not shown as below 6 in cohort)

### **Impact on the learners**

We have been involved in some exciting sporting events this year which have been instrumental in encouraging pupils to engage in sport. These included launching our Daily Mile challenge whereby ALL pupils in school take 15 minutes out of their day to try walking, jogging and running around our school grounds. This will improve not only their fitness but also their behaviour and concentration levels.

We designed and introduced a "fit 2 learn PE passport" for all KS2 pupils in order to keep a written record of pupil achievements in PE and their fitness levels throughout the year. This will enable staff and pupils to monitor improvements and demonstrate the actual benefit our PE Premium has made to PE provision and pupil fitness.

As water safety and the ability to swim is an essential life skill, all pupils from EYFS to Year 6 have the opportunity to attend swimming lessons throughout the year.

### **Areas for improvement**

Provide a broader range of after-school sports clubs and activities to help develop a "life-long love of sport", including setting up a Change4Life club.

Arranging opportunities for pupils across whole school to participate in more intra and inter-school competitions throughout the year.

Develop PE displays in school to help publicise links to local sports clubs and other sporting initiatives.

We will raise the profile of sport in school by celebrating pupil achievements each week in our whole school celebration assembly. These will also be included in our school newsletter.

The impact these will have on our PE provision will hopefully enable us to gain the Sainsbury's School Games Award.
